**Details:**

Beautiful Silver Ford Ranger, 4 Door - 2008 XLS Model - 2.5 Litre Diesel Engine .

12x,xxx km on the clock. Starts first time, every time. I will miss her.

(Approx 7x,xxx miles on the clock)

Reason for the sale - I have returned to the UK.

Car was in good condition when I bought her and was very well looked after by the previous owner. Since I have had her (4 years) she has had 4 new tyres at 16,000à,¿ (6 months ago) - spare is a good un, new battery (6 months ago), new front brake discs (1 year ago) Car is now 8 years old but looks and handles great. It has had recommended oil and filter changes at 10,000km.

Car has a rear cover / canopy from Aeroklas (5,000à,¿) which is great for transporting things in bad weather. The canopy is totally foldable, removable and waterproof. A rear view mirror / rear view reverse camera / multi media unit is fitted, this cost 5,000à,¿ its a great unit that runs most types of media on a usb thumb drive, the unit connects to the FM radio to give you great sound.

Also my UK model (Bluespark brand name) Pro-tuning boost box which adds great fuel savings or extra power, or a happy medium dependent on which way you tweak the box. This unit is 3 months old and is a great piece of kit costing (300GBP / 15,000 baht). Easy to install, tweak and remove.

The above are free extras, they in no way reflect the price of the truck as they are just freebies if you will.

The road tax and compulsory insurance is valid until May 2017/2560. Easy to renew and not expensive.

The truck is kept in my car port at our house under a protective cover and is taken out twice a week just to keep her ticking over nicely.

Great price, great truck and I hope you will have great times in her.

Please contact me for a chat. The truck is located in Sukhothai. Half way between Bangkok and Chiang Mai.

The truck was valued by the insurance company at 350,000à,¿ when I came to do my renewal last year.

I am looking for 320,000à,¿

MAKE ME A REASONABLE OFFER.

Please contact me for a chat or more pictures.

I am currently in the UK but will be in Thailand from the 15th April for 3 weeks, looking to sell in this time.

Thanks for reading and please don't hesitate to contact me.
