Details:

Beautiful Buriram home built in 2011 with 12 rai of land for sale by motivated seller. Solid wood floors and granite counters throughout the home boasts a separate welcome room, 4 spacious bedrooms each with its own tiled full bath, 2 kitchens (European and Thai) with stainless steel appliances including dishwasher, microwave, 2 refrigerators, built-in electric oven and gas and electric burners, separate eating area, a large bonus room off the kitchen with huge skylight, formal dining room, huge master bedroom with walk-in closet, master bath has 2 sinks, 2 showers and Jacuzzi tub with separate exercise room and outdoor area with 2 additional outdoor showers. There are separate maid quarters with full bath and laundry room. The home is fully air conditioned and all water from the well on property is purified through a reverse osmosis system and ultraviolet light and includes 10,000 liter storage. There is also a security house with a full security system which includes 16 video cameras outside and inside the home that can be accessed anywhere via the internet. There are 2 wired phone lines, home phone and fax, as well as wired and wireless internet service. An outdoor shallow water pool with waterfall in the front and a fully landscaped waterfall and pond in the rear complement this wonderful home. 7 of the rai are planted with palm oil trees and all 12 rai are on auto-sprinkler systems and outdoor lighting is on auto-timer system.
