Details:

The Land:Â

3.435sqm freehold, Chanote, prime location, access along the island's (quiet) main-road, 100m from the island's main LoYai Beach. Space to build, realize your own, private, independant 'dream' island-quality-lifestyle. Privately owned land on the Thai islands will be scarce in the future and therefore a good property investment.

The Island:Â

8x4kms, Thai countryside with ca. 500 families in 4 villages, 24hrs electric, municipal water, schools, good infrastructure. Slowly, steady growing as a tourist destination, but away from the big tourist centers... Space to set up your own tourism related business.Â
